Drovers

LIVESTOCK TAGS MADE EASY

EASY TO ORDER - EASY TO APPLY

DROVERS TurboTAG *Further, Faster, Better Reads.*

Advanced TurboCHIP Technology

Activation energy decreased

53%

> The TurboTAG requires less energy to activate, so it responds faster.

Operating voltage decreased

33%

> The TurboTAG responds at longer distances from the reader.

Tuning circuit with non-volatile switch

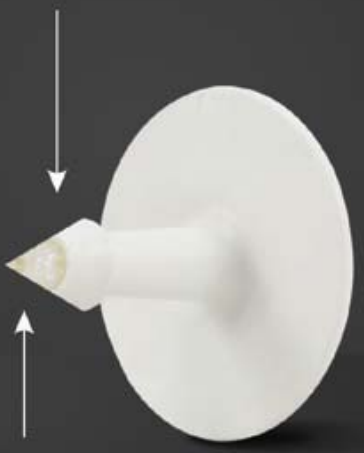
> The TurboTAG responds with clearer information, so it is easier for the reader to understand.

Over-Moulded Design

> Quality seal of electronic components
> Stronger & longer lasting
> Full microchip protection from the elements
> UV Stabilised

Spear Head Design

> Sharper angle = stronger connection
> Less effort, less error & increased retention
> Positive Lock (When it's in, it's in.)



Super Sharp Tip

> Easy application
> Better for you & better for your cattle
> Chance of infection is significantly reduced
