

RapIDmatic

Instructions for use

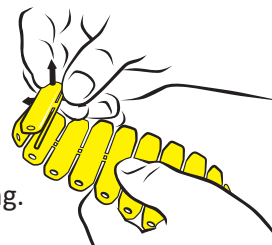

1

Ensure loader/cutter is in the locked position (at front of applicator)

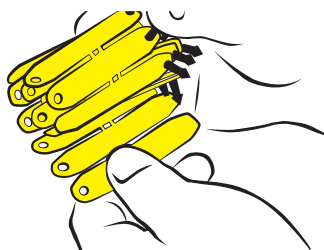

2

Roll RapIDTags towards you firmly. Bias the pins outwards to avoid jamming.

3

Leave the last two RapIDTags unrolled.

4

Load into drum.

5

Depress the clamp (A) firmly. Slide tags out until location lugs are between first and second tags.

6

Pull trigger to move tag into the Load position.

7

Pull topslide back to cut the tag.

8

Push topslide forward to load into applicator jaw.

9

Check tag position.

10

Select optimum position on ear for tag. Pull trigger to apply.
